

8 THINGS A HUSBAND CANNOT DO

1

A husband CANNOT be harsh with his wife. *1 Peter 3:7*
...and if she says you are harsh...then you are! He can't be harsh then want her to be *KIND* later if you know what I mean!

2

A husband CANNOT show up at home after coming home from work, sit in a chair, watch the same episode of Sports Center three times in a row and "zone out" in regards to his wife and children and then expect to be respected as "the spiritual leader" by his family.

3

A husband CANNOT expect his wife and/or the church to lead the family spiritually, He's got to step up. *1 Corinthians 13:11*

4

A husband CANNOT devote more time to a hobby (*golf, hunting, etc.*) than he does his own wife and then expect her to always be "in the mood" when he has held a golf club way more than he has held her!

5

A husband CANNOT desire to be right more than he actually desires to settle the conflict that is being dealt with...the result if he does will always be fighting *IN* instead of fighting *FOR* the marriage.

6

A husband CANNOT "innocently flirt" with other women either in person or online and not expect it to bring about significant damage in regards to his marriage! *Proverbs 6:27*

7

A husband CANNOT pursue porn and pursue his wife...she will always lose because porn is easy, it requires no commitment!

8

A husband CANNOT allow his pride to get in the way by refusing to ask for help when it comes to issues in the marriage!
James 5:16
